**62166 Unique Visits****Explanations****What do these statistics show me?**

This analysis summarizes multiple page views of an individual visitor into **unique visits**. A visitor is counted only when bringing up at least one page and taking no longer than 30 minutes between individual pages.

**What does this tell me?**

You know how many unique visits are made to your website and at which times.

**Please note:**

There may be variations between the actual numbers calculated by 1&1 WebStatistics and other statistic tools. These variations are caused by the different methods of collecting and interpreting visitor data.

All 1&1 WebStatistics evaluations use statistical methods interpreting automatically generated log files. Due to technically unavoidable inaccuracies, some of the information may not be thoroughly acquired. 1&1 WebStatistics cannot deliver any legally binding basis, e.g., for settlement purposes.
